EXPERIENCE

MTN Nigeria

Lagos - Nigeria

Apr 2024 - Present

Intern

Initially worked with the EUD Asset Management team, contributing to asset tracking and management solutions. Transitioned to an in-house development team, focusing on front-end mobile development for the myCityApp project. Currently learning mobile development with skills in Flutter, Dart, and React Native to enhance app development capabilities.

Contributed to the development of myCityApp, a comprehensive city navigation app featuring functionalities such as offender management, license renewal, ride boarding, and bill payments.

Aim to improve skills and contribute effectively to the project by the end of the internship.

BigFix. Integrated Technologies

Lagos - Nigeria

Apr 2024 - Jul 2024

Front-end developer

Contributed to the development of Fastra Suites, a business application designed to help business owners manage their business operations efficiently.

Worked on various front-end functionalities, ensuring an intuitive and user-friendly interface.

Collaborated with a team to implement and test features, including form handling, data visualization, and responsive design.

Gained experience in modern web development tools and practices while working on a live project.
